ABOUT HACKNOVA 2.0

Welcome to HackNova 2.0 , the 2nd Chapter of Innovation and Creativity! The Newton School of Coding Club at SRM is thrilled to present the next chapter of its exciting coding journey.

HackNova 2.0 invites passionate developers, visionaries, and tech enthusiasts with diverse perspectives to come together in an electrifying environment of creativity, collaboration and problem-solving. As we carry forward the legacy of our inaugural edition, this 2nd chapter is bigger and bolder with opportunities to innovate and create impactful solutions. Let's code a brighter tomorrow at HackNova 2.0.

ABOUT NSCC SRM

The Newton School of Coding Club at SRM was established in November 2022 and rapidly grew to become the most prominent center for technical innovation within the university. What began as a small initiative has now blossomed into a thriving community of over 250 passionate and enthusiastic students, all united by a shared love for coding and technology. Our mission is to provide a dynamic platform for skill enhancement and collaboration, empowering members to unlock their potential of technology. Our club's dedication to promoting excellence in coding, problem-solving, and creativity is at the heart of its mission. Join us on this inspiring journey as we grow, innovate, and push the boundaries of coding and technology together.

SRM IST

Code. Collaborate. Conquer.

At HackNova 2.0, we aim to ignite the spirit of innovation by creating a dynamic platform where participants can team up, brainstorm, and redefine the boundaries of technology. Our mission is to bring together passionate tech enthusiasts to collaborate, ideate, and build solutions that push the boundaries of what's possible. It's more than just a hackathon—it's a launchpad for creativity and groundbreaking innovation.

Tech x Entrepreneurship

HackNova 2.0 is all about encouraging participants to create projects that have the potential to transform into real products or services. It's designed to inspire a startup mindset, where you think beyond coding and focus on building something with impact. We recognize the entrepreneurial spark in every participant and aim to cultivate an environment where innovative ideas can turn into successful ventures.

OUR VISION

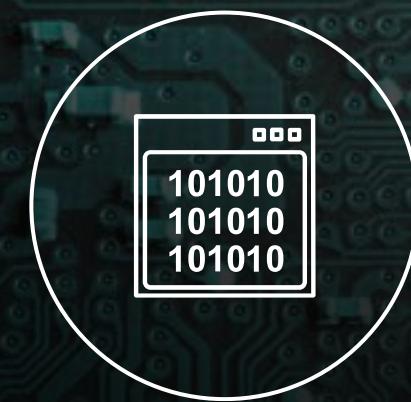

PAST EVENTS

Decode Hour

A flagship two-round codeathon at SRMIST drew over 600 students, showcasing talent from various streams. It provided a platform for creativity, collaboration, and skill development, fostering innovation and competitive spirit among a diverse and enthusiastic student community.

Codefest

An electrifying two-day coding showdown that brought together brilliant minds to solve challenges, showcase innovation, and redefine tech brilliance. With diverse problems and intense competition, participants battled for glory and exciting prizes, making it an unforgettable celebration of talent and technology.

Code Rush

Code Rush was an engaging competition where participants demonstrated their coding skills, tackled exciting challenges, and competed for fantastic prizes. The event united a dynamic community of coders, celebrating innovation, creativity, and teamwork. It was a truly impactful event for all those who took part!

PAST EVENTS

HackNova

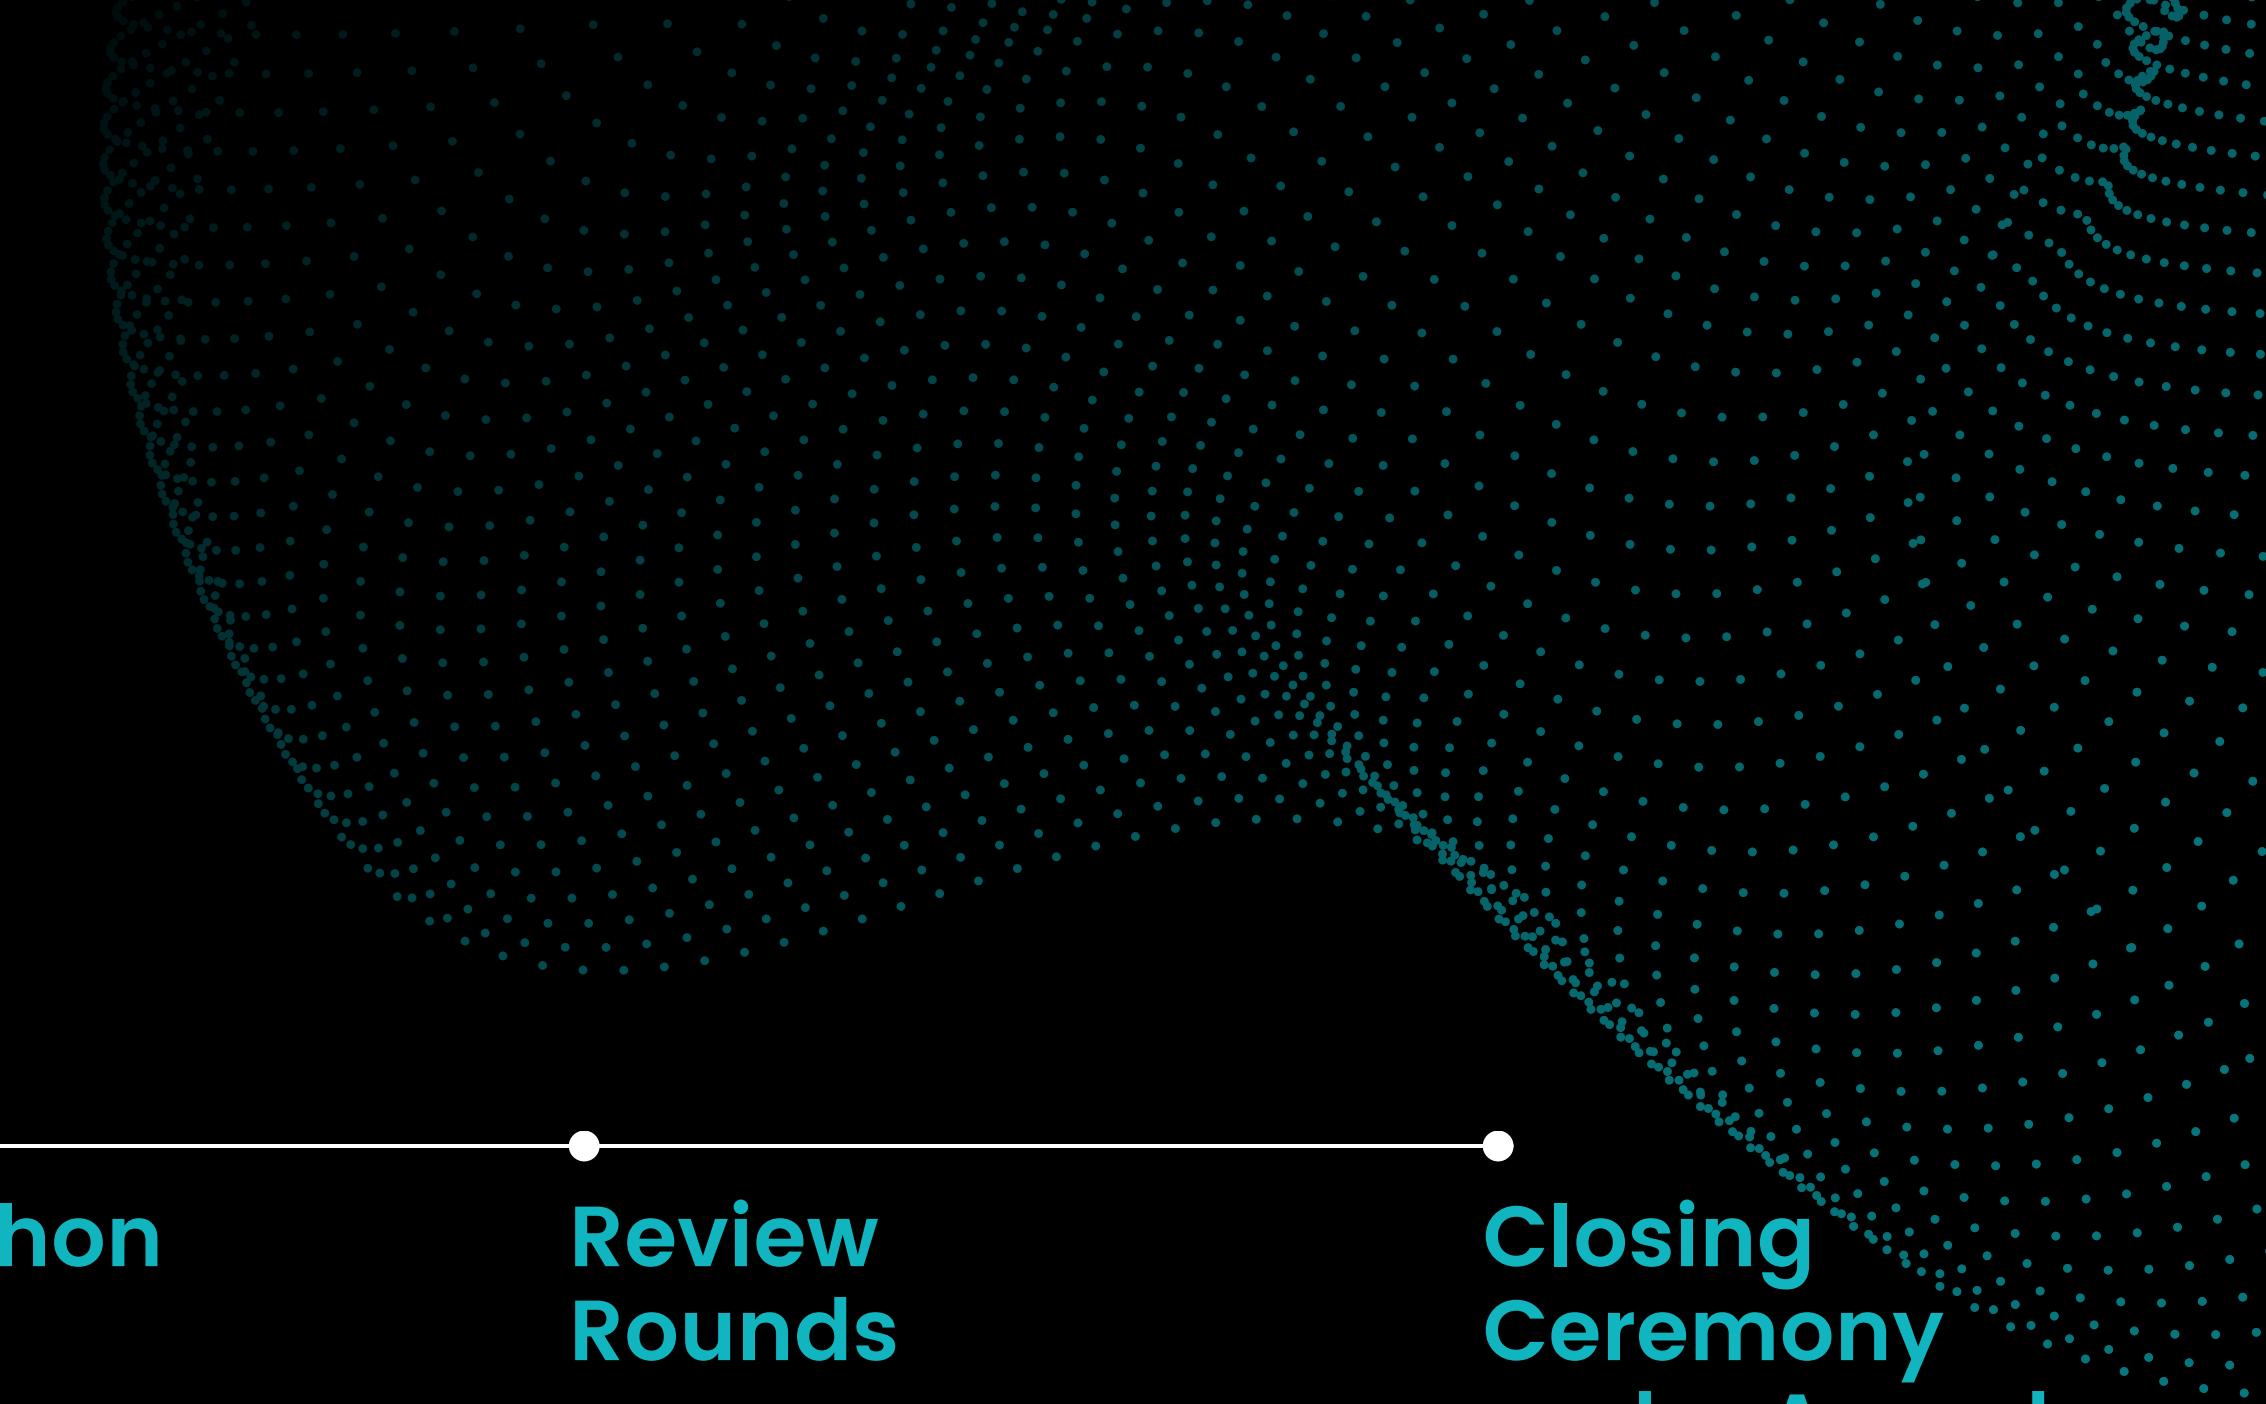

This electrifying coding festival by SRMIST saw gathering developers, inventors, and tech enthusiasts from all corners to engage themselves for this energetic happening. It brought together fun with hackathons and web development challenges with each other, helping in promotion with interaction and innovative solving. And it's no ordinary hackathon, it is a time for change.

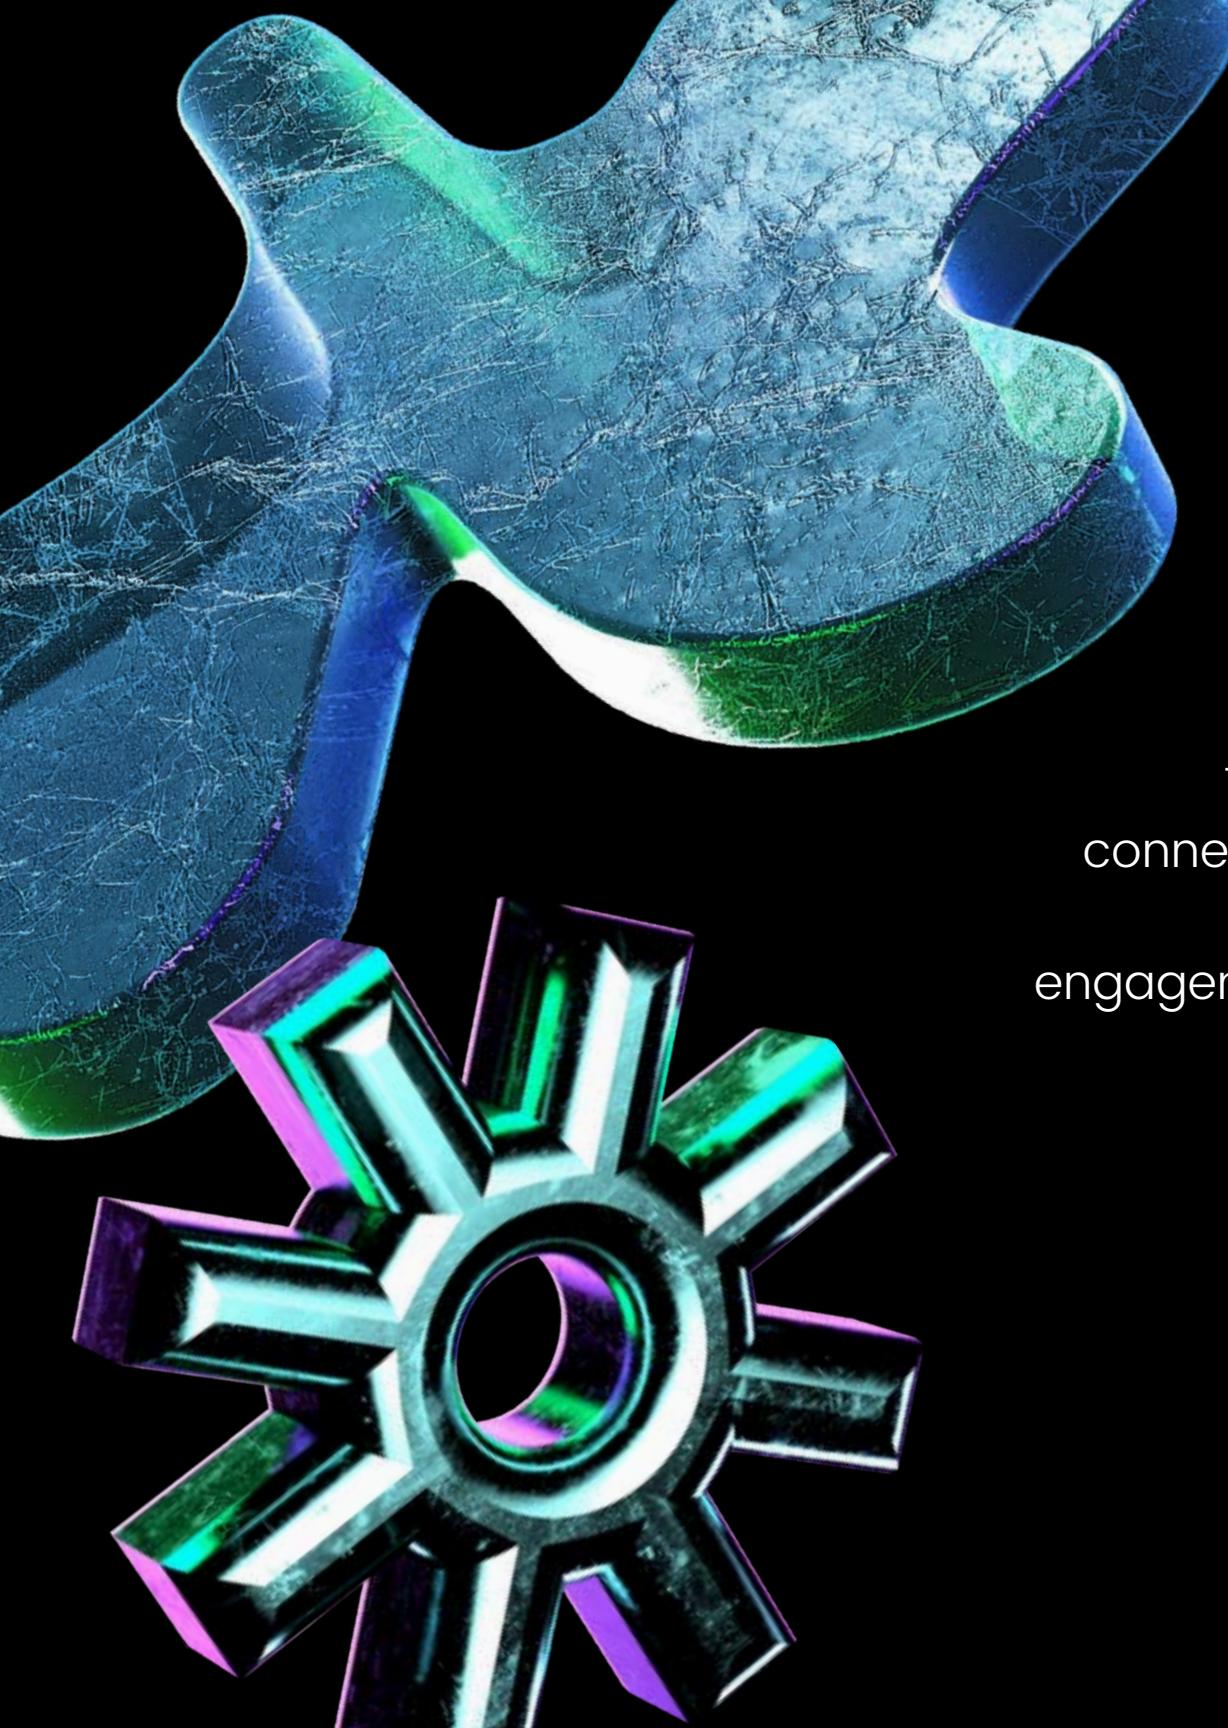

IdeaNova

IdeaNova was a huge success, bringing together numerous teams to showcase their talent and creativity through unique, innovative ideas that tackled real-world challenges. The energy and enthusiasm were inspiring, making it a memorable experience for everyone. The event concluded with prizes awarded to the winning teams, celebrating their exceptional efforts and out-of-the-box thinking—a true celebration of innovation and collaboration!

OUR REACH

The Newton School of Coding Club (NSCC) boasts an extensive reach within the college community, connecting with over 10,000 students. Our influence extends beyond the campus, resonating strongly in the digital realm with an Instagram following of over 5K. Through a vibrant online presence and active engagement within the student body, NSCC has successfully become a dynamic hub for coding enthusiasts, fostering a community that transcends physical boundaries.
